SKILLS

- C++ / C# / Java
- Python
- JavaScript
- Frontend Development
- PHP
- SQL & MySQL
- WordPress
- UI/UX Design
- Teamwork
- Problem Solving

LANGUAGES

- Albanian
- English

HOBBIES

- Music Production
- Programming

PROFILE

Computer Software Engineering student at the University of Prishtina with a strong interest in software development and problem solving. I began by building Discord bots with JavaScript, then expanded into backend development, desktop applications, and databases. I am looking for an internship or entry-level opportunity where I can grow through real-world projects and continue building practical engineering skills.

EXPERIENCE & PROJECTS

ARRA Academy

2023

Course & Projects

- Completed practical training in programming, web development and graphic design.
- Built projects using C#, HTML, JavaScript, PHP, SQL, and WordPress.
- Strengthened frontend, backend, and database development skills.

Factory

2024 - 2025

Experience

- Worked in a fast-paced production environment.
- Developed reliability, discipline, and time management.
- Improved teamwork, communication, and attention to detail.

University

2025 - 2026

Projects

- Completed full projects using HTML, CSS, JavaScript, PHP/MySQL, JavaFX, and SQL.
- Applied web development, database design, desktop application, and problem-solving concepts.
- Developed leadership, teamwork, time management, communication, and project planning skills.
